

NGÀNH THIẾU CẤP 1 & 2

THIỆU NHI

*Thiếu Nhi Thành Giả Chúa năm
Nhìn lên phần khởi chuyên cần hy sinh.*

Hi,
my name is Lisa Nguyen. I've been in Thiếu Nhi for 2 years. Being in Thiếu Nhi for 2 years. Being here is great experience for me. By making new friends, and learning things. Also, it's fun learning games. Thiếu nhi is pretty hard because of the "morse code". My teacher for second and third class is with anh Steve. We learn about our church in class. In my third class, I learn about God and Jesus. We use different ways to learn about them. For example, working in groups.

THIỆU NHỊ NĂM XƯA

One of my good experience in Nganh Thieu in this school year is when we had the moon festival. That had a lot of good show and talent. My favorite thing in the moon festival was the lanterns. And hve good food in the moon festival. That is my good experience.

- Christy Nguyen

Vào Sa Mạc

TN is not just about learning about God or just sitting in class. It is about having a great experience in life. Playing games that you could teach to others. Receiving and giving especially sharing and giving love. Helping the homeless and feeling great about it. Making the world a better place that's what TN is all about!!!

– Lilian Nguyen

It means that you are a Thieu Nhi. You have a blue khan. You are above green khan but below yellow khan. You have first communion. My parents said I had to be in Thieu Nhi. I like my teacher. He is cool but a little weird. Joy to the world I finish this essay.

– Vu Nguyen

TRUNG THU 2006

Sunday school is very boring to some students, but they don't really understand why we go to Sunday school. We all go to Sunday school in order to learn many things. We learn Vietnamese and about God, but mainly we learn how to treat others with respect. We also learn why we need to respect others and how to help make our church a better place. We each have made many friends in all the years that we've been in Sunday school, but we wouldn't have made it this far without all of our teachers that volunteer their time for us. Although we don't treat them with respect we should learn how to thank them for everything that they have done for us. The teachers and the church are the one that help put Sunday school together. Sunday school wouldn't be complete without us though. As one whole community we can make a difference.
